SUBMITTED application from Port of London Authority as follows:—

Copy of letter from the Chief Engineer, Port of London Authority, dated 23rd January, 1919:

SURREY DOCKS—PROPOSED RAILWAY CONNECTION.

"In view of the growing importance of the Surrey Commercial Docks and Improvements which are contemplated, the Authority have had under consideration a proposal that Railway access should be provided.

"It would be practicable to make a connection to the East London Railway near Surrey Docks Station, and I am desired by the Port Authority to make formal application that your Company would be prepared to give such a connection and afford facilities for handling traffic, which it is contemplated would commence with about 75,000 tons per annum in and out.

"It is essential to the success of the proposal that the London Group Rates should apply so that traffic to and from these Docks would be on a similar basis as other Docks.

"Will you kindly lay the matter before your Company and let me hear from you in due course."

In the absence of Lord Claud Hamilton this matter was deferred until next meeting.

THE MINUTES of the Committee's Meeting of the 9th April last, having been printed and circulated, were declared correct, and were signed.

SUBMITTED Messrs. Bristows' Bills of Costs for the past half-year, as under:—

REPORTED—

That after submission to Lord Claud Hamilton, as usual, he had authorised payment.

APPROVED.

3517. Rent of Line, due 1st October, 1919.

REPORTED—

That the half-year's rent—£15,000, less tax—had been paid on the due date.

3518. Messrs. Nestlé's Automatic Machines at East London Stations.

SUBMITTED Joint Surveyors' report, dated 2nd December last, as follows:—

"In 1908 an Agreement was made between the East London Railway Joint Committee and the Nestlé and Anglo-Swiss Condensed Milk Co., Ltd., under which a concession was given for the placing of 24 Milk Chocolate Machines on the Stations of the East London Ry., and the Joint Committee were to receive a rent based on 25% of the gross takings. The following is a list of the amounts paid up to 1918:

	£	s.	d.
" 1908	25	0	0
" 1909	30	0	0
" 1910	28	15	1
" 1911	31	0	11
" 1912	34	16	10
" 1913	39	19	7
" 1914	36	17	6
" 1915	78	1	4
" 1916	113	6	5
" 1917	251	8	3
" 1918	39	7	6

"Since Lady Day, 1918, the Contractors have not stocked the Machines but have paid the Joint Committee at the rate of £50 per annum in the form of a minimum rental and Messrs. Nestlé now intimate that they propose to alter the machines in order to make them suitable for delivering 2d. packets of chocolate instead of 1d. packets as before, but inasmuch as they contemplate this alteration will take a considerable time to bring into effect we do not consider the present arrangement should be allowed to remain in operation, and instructions are asked for permission to serve the Nestlé and Anglo-Swiss Condensed Milk Co. with notice to terminate the Agreement.

"If a satisfactory re-arrangement is not made with Messrs. The Nestlé & Anglo-Swiss Condensed Milk Co., Ltd., we do not anticipate there will be any difficulty in arranging an agreement for the sites with the Contractors who control the Milk Chocolate Machines on the parent Companies' Stations.

"(Signed) S. A. PARNWELL.

"() SIDNEY E. HITCHCOCK."

AGREED—That notice to quit be given.

3519. Level Crossing, Old Kent Road Branch.

16th Dec.,
1919.

SUBMITTED Joint Surveyors' report dated 5th December last, as follows:—

" EAST LONDON RAILWAY, DISUSED LINE.

" The Metropolitan Borough Councils of Bermondsey and Deptford, and the Contractors to the County Council Tramways, obtain considerable quantities of ballast from the field marked ' X ' on the accompanying Plan No. 43833, which is the property of the South Eastern Railway Company, and rented by Mr. Benjamin Cloke, Contractor of Deptford.

" The existing outlet from this field is very inconvenient, and in order to accelerate the removal of the ballast, which was urgently needed for their works, the above Authorities requested the Ministry of Labour to approach the East London Railway Joint Committee to grant the Tenant an exit into Silwood Street by means of a Crossing over the Goods' Line and disused Railway, as shown by red colour on the Plan.

" Subject to the necessary works, including alteration of Signals being paid for by the user, and to an Agreement containing a Clause indemnifying the Joint Committee against loss or damage sustained by reason of the use of the Crossing, the Engineer to the Joint Committee saw no objection to the Crossing being constructed.

" In order to expedite the matter in accordance with the request of the Ministry of Labour, the work was completed by the Engineer, and the Crossing opened for traffic in July last.

" An Agreement has now been completed with the Contractor, Mr. Cloke, containing, amongst others, the following conditions:—

" Term.—Yearly Tenancy, subject to three months' notice.

" Rent.—£5 per annum.

" The tenant indemnifies the Joint Committee against loss and damage by reason of the Crossing, and agrees to pay the cost of the works and future maintenance, and further to pay all legal costs and fees.

" The confirmation of the Joint Committee is desired.

We are, Gentlemen,

Your obedient Servants,

(Signed) S. A. PARNWELL,

(") SIDNEY E. HITCHCOCK."

APPROVED.

3520. Railway Access Surrey Commercial Docks with East London Line (3507).

REPORTED—

That this matter is still in abeyance, the next move being with Port of London Authority's Engineer.

3521. Claim.

REPORTED—

That a passenger, J. Lodge, was thrown on to the platform and injured his knee at Wapping Station, owing to the train starting while he was in the act of entering. He brought a claim of £40. 5s. 0d., which the Solicitors advised should be compromised. Messrs. Bristows succeeding in settling for £28. 3s. 0d.

APPROVED.

10th Dec.
1919. 3522. Prosecutions.

REPORTED—

That since last meeting of Committee there had been 12 prosecutions for fraudulent travelling, in all cases convictions obtained at varying figures for fines and costs.

3523. Derailment at Crossover from Metropolitan Co.'s Sheds at New Cross.

REPORTED—

That on the 16th September last, as an empty train was leaving the Sheds for service, the middle vehicle fouled the nose of the crossing and the trailing wheels derailed, causing some damage to way and works and delay to traffic.

The Engineer reports that the permanent way at the spot was in good order and gauge, and the Metropolitan Company say that there was no defect in the electric car which could be responsible for the derailment.

3524. Accident to Staff.

REPORTED—
